5 Financing Administration (the “Water Quality Administration”) as further specified in Section 24  
6 of this Ordinance.

7 SECTION 10. In lieu of issuing all or any of the Consolidated Public Improvement Bonds  
8 authorized by Section 9 of this Ordinance for the purpose of financing projects authorized by the  
9 Baltimore County 2010/12/14 Agricultural Land Preservation Borrowing Plan Ordinances, the  
10 County may, pursuant to Section 12-902 of the Local Government Article, upon its full faith and  
11 credit, borrow money and incur indebtedness under agreements by the County to purchase  
12 development rights (each an “Installment Purchase Agreement”).

13 Each Installment Purchase Agreement shall be executed and delivered by the County to  
14 effect, together with direct cash payments, where applicable, the purchase by the County of  
15 development rights (the “Development Rights Easements”) for the preservation or conservation of  
16 agricultural, rural or other land.

17 Properties for which the County intends to purchase Development Rights Easements  
18 shall be designated from time to time by resolution of the County Council (each, an “Easement  
19 Schedule Resolution”). The Easement Schedule Resolution with respect to each Development  
20 Rights Easement to be purchased shall designate (i) the maximum purchase price for such  
21 Development Rights Easement, (ii) the maximum principal amount payable under the Installment  
22 Purchase Agreement pertaining to such Development Rights Easement and (iii) the provisions,  
23 terms, conditions and duration of such Installment Purchase Agreement.

1           The County hereby determines that the incurrence of indebtedness in connection with the  
2 purchase by the County of Development Rights Easements is in the public interest.

3           Installment Purchase Agreements, when properly executed and delivered in the manner  
4 prescribed for the execution and delivery of bonds in this Ordinance below, shall constitute  
5 unconditional general obligations of the County, to the payment of which, in accordance with the  
6 terms thereof, its full faith and credit are pledged. Amounts shall not be required to be fully  
7 available or encumbered in the fiscal year that the Development Rights Easement under such  
8 Installment Purchase Agreement is purchased.

9           In making the determinations described above, the County Executive shall consider the  
10 recommendation of the Director of Budget and Finance of the County (the “Director of Budget  
11 and Finance”) concerning the terms of each Installment Purchase Agreement, including (without  
12 limitation) the determination by the Director of Budget and Finance that the purchase price payable  
13 under such Installment Purchase Agreement is not more than the value of the Development Rights  
14 Easement based on an appraisal thereof or an estimate approved by the Director of Budget and  
15 Finance, taking into account the amount of any cash payment made by the County.  
16 Notwithstanding the foregoing, upon the execution and delivery of an Installment Purchase  
17 Agreement in accordance with this Ordinance, such Installment Purchase Agreement shall  
18 constitute a binding general obligation of the County in accordance with its terms without regard  
19 to any determination, dispute or contrary assertion, report or finding regarding the value of the  
20 Development Rights Easement or Installment Purchase Agreement or the appropriateness of the  
21 terms set forth in such Installment Purchase Agreement.

22           Subject to and in accordance with the provisions of this Ordinance, the County Executive  
23 shall determine by order, for each and every Installment Purchase Agreement, all matters relating  
24 thereto, including (without limitation) the purposes for which such Installment Purchase  
25 Agreement is issued, the prepayment provisions, if any, thereof, the manner of authentication of

1 such Installment Purchase Agreement, if any, the date from which interest on such Installment  
2 Purchase Agreement shall accrue, the rate or rates of interest borne by such Installment Purchase  
3 Agreement or the method of determining the same, the interest payment and maturity dates thereof,  
4 and the provisions for the registration of Installment Purchase Agreements.

5 The County Executive is hereby authorized to determine the form of Installment Purchase  
6 Agreements and the execution and delivery thereof shall be conclusive evidence of the approval  
7 of the form of such Installment Purchase Agreements on behalf of the County. Installment  
8 Purchase Agreements shall be executed by the County Executive, and the seal of the County shall  
9 be affixed or imprinted thereon, attested by the Secretary to the County Executive.

10 Installment Purchase Agreements may be sold for a price at, above or below par, plus  
11 accrued interest to the date of delivery through a private (negotiated) sale, without solicitation of  
12 competitive bids and such sale is hereby determined to be in the best interests of the County.  
13 Installment Purchase Agreements are hereby specifically exempted from the provisions of Sections  
14 19-205 and 19-206 of the Local Government Article.

15 Notwithstanding the foregoing:

16 (a) Principal payments on Installment Purchase Agreements shall be made on  
17 one or more dates as determined by order of the County Executive; and

18 (b) Installment Purchase Agreements shall mature not later than 30 years after  
19 the date of their execution and delivery.

20 Following the execution and delivery of any Installment Purchase Agreement, the County  
21 Executive, or the Director of Budget and Finance, if authorized by the County Executive, shall  
22 report the terms thereof in writing at the next meeting of the County Council.

23 The principal amount payable under each Installment Purchase Agreement executed and  
24 delivered by the County pursuant to this Section as specified by the County Executive prior to the

1 execution and delivery thereof shall be treated as indebtedness issued pursuant to the Baltimore  
2 County 2010/12/14 Agricultural Land Preservation Borrowing Plan Ordinances for the purposes  
3 of determining the amounts of indebtedness that may be issued pursuant to this Ordinance.

4 SECTION 11. In accordance with the authority contained in Chapter 539 of the Acts of  
5 the General Assembly of Maryland of 1924, as amended (“Chapter 539”), Section 10-203 of the  
6 Local Government Article and the County Charter, the County Council hereby determines that  
7 \$250,000,000 is the amount presently estimated to be needed to provide funds for the design,  
8 construction, purchase or acquisition of the water supply, sewerage and drainage systems provided  
9 for by Article 20 of the Baltimore County Code (2015 edition, as amended and supplemented) (the  
10 “Baltimore County Code”), including funds to pay the costs and expenses of printing and  
11 advertising, legal fees and other expenses in connection with the issuance, sale and delivery of  
12 bonds for such purposes.

13 SECTION 12. Pursuant to Chapter 539, Section 10-203 of the Local Government Article  
14 and the County Charter, the County shall, upon its full faith and credit, borrow money and incur  
15 indebtedness in an aggregate principal amount not to exceed \$250,000,000 for the purposes  
16 described generally in Section 11 of this Ordinance. Such borrowing and indebtedness shall be  
17 evidenced by bonds of the County issued, sold and delivered as provided by this Ordinance at one  
18 time or from time to time (such bonds being referred to herein collectively as the “Metropolitan  
19 District Bonds”).

20 The Consolidated Public Improvement Bonds, Metropolitan District Bonds and Refunding  
21 Bonds (hereinafter defined) are sometimes referred to herein collectively as the “Bonds” and  
22 individually as a “Bond.”

23 SECTION 13. Subject to and in accordance with the provisions of this Ordinance, the  
24 County Executive shall determine by order, for each and every Bond or series of Bonds issued  
25 pursuant to and in accordance with this Ordinance, all matters relating to the sale, issuance,

1 delivery and payment of the Bonds, including (without limitation) the purposes for which such  
2 Bonds are issued; the allocation of the aggregate principal amount of Consolidated Public  
3 Improvement Bonds to the various Individual Series and the Refunded Bonds (hereinafter defined)  
4 to be refinanced with proceeds of such Bonds; the date or dates of sale of the Bonds; the  
5 designation of the Bonds; the dated date of the Bonds; the authorized denominations for the Bonds;  
6 the redemption provisions, if any, pertaining to the Bonds; the manner of authentication and  
7 numbering of any Bonds; the date from which interest on the Bonds shall accrue; the rate or rates  
8 of interest borne by the Bonds or the method of determining the same; the interest payment and  
9 maturity dates of the Bonds, including provisions for mandatory sinking fund redemption of any  
10 term bonds, subject to the further provisions of this Section; whether the Bonds are to be issued in  
11 book-entry form and all matters incident to the issuance of Bonds in book-entry form; and the  
12 provisions for the registration of Bonds. All Bonds issued hereunder shall be made payable (i) in  
13 accordance with an annual principal installment plan by the issuance of serial maturity Bonds or  
14 term Bonds having mandatory sinking fund requirements, under which principal installments (by  
15 way of serial bond maturities or mandatory term bond redemptions) shall commence not more than  
16 two years from the date of issue of such Bonds; (ii) within the probable useful life of the  
17 improvement or undertaking with respect to which they are issued, as such useful life has been  
18 determined in this Ordinance, or, if the Bonds are to be issued for several improvements or  
19 undertakings, then within the average probable useful life of all such improvements or  
20 undertakings, as such average probable useful life has been determined in this Ordinance, all as  
21 required by Section 719 of the County Charter; and (iii) in the case of Refunding Consolidated  
22 Public Improvement Bonds and Refunding Metropolitan District Bonds (each as hereinafter  
23 defined) on or before the last day of the fiscal year of the County during which the Refunded Bonds  
24 to be refunded from the proceeds of such Bonds would have finally matured.

1           SECTION 14. The Bonds, when issued, shall be authenticated by the facsimile or manual  
2 signature of the Director of Budget and Finance or an authorized deputy or deputies appointed for  
3 such purpose, the appointment of a deputy or deputies for such purpose to be evidenced by a  
4 certificate executed by the County Executive or the Director of Budget and Finance, and shall bear  
5 the manual or facsimile signature of the County Executive and an original or facsimile of the seal  
6 of the County attested by the manual or facsimile signature of the Secretary to the County  
7 Executive. The Bonds shall be registered as to principal and interest in the name or names of the  
8 owner or owners thereof on books kept for the registration and registration of transfer of the Bonds  
9 by the Director of Budget and Finance or a bank or other financial institution designated to act as  
10 bond registrar (the "Bond Registrar"). Each Bond shall be authenticated by the manual signature  
11 of an authorized signatory of the Bond Registrar except as otherwise provided by order of the  
12 County Executive prior to their issuance. No Bonds issued hereunder required to be authenticated  
13 shall be valid for any purpose or constitute an obligation of the County unless authenticated as  
14 provided herein.

15           In case any official of the County whose signature shall appear on any Bond shall cease to  
16 be such official prior to the authentication and delivery of such Bond, or in case any such official  
17 shall take office subsequent to the date of any such Bond, his signature, in either event, shall  
18 nevertheless be valid for the purposes herein intended.

19           Except as otherwise provided by order of the County Executive with respect to any  
20 Refunding Bonds, any Bonds sold to the Water Quality Administration as authorized by this  
21 Ordinance and any Bonds sold as Installment Purchase Agreements as authorized by this  
22 Ordinance, the Bonds, the authentication certificate thereon, the form of assignment and the  
23 certification of the legal opinion thereon shall be in substantially the following forms, with such  
24 variations, omissions and insertions as are permitted or required by this Ordinance or as may be  
25 deemed necessary or appropriate by the officers executing the same, consistent with this

Ordinance, the execution and delivery of any Bonds to be conclusive evidence of the approval of any such variations, omissions and insertions, and all of the covenants and conditions therein contained, including (without limitation) the promise to pay therein contained, are hereby adopted by the County as and for the form of obligation to be incurred by the County as the Bonds:

23 Consolidated Public Improvement Bonds and Metropolitan District Bonds are not offered for sale,

Bids must be submitted on the prescribed form provided for that purpose by the Director of Budget and Finance [of the County (the “Director of Budget and Finance”)] and must be enclosed in a sealed envelope marked “Proposal for Bonds” and addressed to Director of Budget and Finance, \_\_\_\_\_, each bid to be accompanied by a good faith deposit in the form of a certified check upon, or a cashier’s, treasurer’s or official check of, a responsible banking institution payable to the order of “Baltimore County, Maryland,” or a surety bond, in the amount of \$\_\_\_\_\_. The check of the successful bidder will be collected and the proceeds thereof retained by the County to be applied in partial payment for the bonds, and no interest will be allowed or paid upon the amount thereof, but in the event the

1 successful bidder shall fail to comply with the terms of his bid, the proceeds thereof will be retained  
2 as and for full liquidated damages. The checks of the unsuccessful bidders will be returned  
3 promptly.

4 [INSERT FOLLOWING AS AND IF APPLICABLE:]

5 [THE SUCCESSFUL BIDDER SHALL MAKE A *BONA FIDE* PUBLIC OFFERING OF  
6 THE BONDS AT THE INITIAL REOFFERING PRICES AND SHALL PROVIDE THE  
7 RELATED CERTIFICATION DESCRIBED BELOW.]

8 The County Executive or the County Administrative Officer acting with the authority of  
9 the County Executive will not accept and will reject any bid for less than all of the above described  
10 bonds. The right is reserved to reject any and all bids and to waive irregularities in any bid.

11 Each bidder shall submit one bid on the required form of Proposal for Bonds on an all or  
12 none basis for both issues of bonds. Each proposal must specify the amount bid for the bonds  
13 [INSERT SALE PRICE PARAMETERS, IF ANY] and must specify the rate or rates of interest  
14 per annum which the bonds are to bear but shall not specify (a) more than one interest rate for any  
15 bonds having the same maturity, (b) a zero rate of interest or (c) any interest rate for any bonds  
16 which exceeds the interest rate stated in such proposal for any other bonds by more than [INSERT  
17 SPREAD LIMITATIONS, IF ANY].

18 [INSERT OPTIONAL TERM BOND PROVISION IF AND AS APPLICABLE:]

19 Bidders may designate in their proposal two or more consecutive serial maturities as a term  
20 bond which matures on the maturity date of the last serial maturity of the sequence. More than  
21 one such sequence of serial maturities may be designated as a term bond. Any term bond so  
22 designated shall be subject to mandatory redemption in each year on the principal payment date  
23 and in the amount of each serial maturity designated for inclusion in such term bond.

24 [END OF OPTIONAL TERM BOND PROVISIONS]

1           The award, if made, will be made as promptly as possible after the bids are opened to the  
2 bidder offering the lowest interest rate to the County. All proposals shall remain firm until the  
3 time of award. The lowest interest rate shall be determined in accordance with the true interest  
4 cost (TIC) method by doubling the semi-annual interest rate (compounded semi-annually)  
5 necessary to discount the debt service payments from the payment dates to the date of the bonds  
6 and to the price bid, excluding interest accrued to the date of delivery. In the event two or more  
7 bidders offer to purchase the bonds at the same lowest interest rate to the County, [then such award  
8 will be made to the bidder offering the highest premium] [then the bonds may be apportioned  
9 between such bidders; provided, that if apportionment is not acceptable to one or more of such  
10 bidders, the County shall have the right to award the bonds to one of such bidders]. There will be  
11 no auction.

12           All bonds herein described will constitute an irrevocable pledge of the full faith and credit  
13 and unlimited taxing power of the County.

14           The issuance of the bonds will be subject to legal approval by \_\_\_\_\_,  
15 \_\_\_\_\_, \_\_\_\_\_, and copies of its opinions will be delivered upon request,  
16 without charge, to the successful bidder for the bonds. Such opinions shall be substantially in the  
17 forms included in Appendix \_ to the Preliminary Official Statement referred to below.

18           When delivered, the bonds shall be duly executed and authenticated and registered in such  
19 names and in such denominations as the successful bidder shall have requested in writing not less  
20 than seven business days prior to the closing; and unless the County and the successful bidder shall  
21 otherwise agree, one bond for each series and maturity of the bonds, in principal amount equal to  
22 the aggregate principal amount of the bonds for which no instructions have been received by such  
23 date, will be issued, registered in the name of the successful bidder.

24           It is anticipated that CUSIP identification numbers will be printed on the bonds, and that  
25 separate CUSIP numbers will be provided for the bonds of each series and maturity, but neither

1 the failure to print any such number on any bond nor any error with respect thereto shall constitute  
2 cause for a failure or refusal by the successful bidder to accept delivery of and pay for the bonds  
3 in accordance with the terms of this Notice of Sale.

4 Not later than seven business days after the award of the bonds to the successful bidder on  
5 the day of sale, the County will authorize an Official Statement, which is expected to be  
6 substantially in the form of the Preliminary Official Statement referred to below. If so requested  
7 by the successful bidder at or before the close of business on the date of the sale, the County will  
8 include in the Official Statement such pricing and other information with respect to the terms of  
9 the reoffering of the bonds by the successful bidder (“Reoffering Information”), if any, as may be  
10 specified and furnished in writing by the successful bidder. If no Reoffering Information is  
11 specified and furnished by the successful bidder, the Official Statement will include the interest  
12 rates on the bonds resulting from the bid of the successful bidder and the other statements with  
13 respect to reoffering contained in the Preliminary Official Statement. The successful bidder shall  
14 be responsible to the County and its officials for the Reoffering Information, and for all decisions  
15 made by the successful bidder with respect to the use or omission of the Reoffering Information  
16 in any reoffering of the bonds, including the presentation or exclusion of any Reoffering  
17 Information in any documents, including the Official Statement. The successful bidder will also  
18 be furnished, without cost, with up to \_\_\_\_ copies of the Official Statement (and any amendment  
19 or supplement thereto).

20 In order to assist the successful bidder with its obligation under Rule 15c2-12(b)(5) of the  
21 United States Securities and Exchange Commission, the County has covenanted to provide certain  
22 ongoing disclosure with respect to the bonds. The County’s continuing disclosure covenant is  
23 more fully described in the Preliminary Official Statement.

24 The bonds will be delivered on \_\_\_\_\_, 20\_\_ or as soon as practicable thereafter, upon  
25 due notice and at the expense of the successful bidder, at \_\_\_\_\_ in \_\_\_\_\_,

\_\_\_\_\_ upon payment of the amount of the successful bid (including any premium), plus accrued interest to the date of delivery, less the deposit theretofore made. Such payment shall be made in immediately available funds. The bonds will be accompanied by the customary closing documents, including a no-litigation certificate stating that as of the date of delivery of the bonds, there is no litigation pending affecting the validity of any of the bonds included in these issues. It shall be a condition to the obligation of the successful bidder to accept delivery of and pay for the bonds that, simultaneously with or before delivery of and payment for the bonds, said bidder shall be furnished a certificate or certificates of the County Executive or other authorized officer of the County to the effect that, to the best of his knowledge and belief, the Official Statement (and any amendment or supplement thereto) (except for the Reoffering Information, as to which no view will be expressed) as of the date of delivery of the bonds does not contain any untrue statement of a material fact and does not omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading in any material respect for the purposes for which it is to be used and that between the date of sale and the date of delivery of the bonds there has been no material adverse change in the financial position of the County, except as reflected or contemplated in the Official Statement (and any amendment or supplement thereto).

[INSERT FOLLOWING AS AND IF APPLICABLE:]

[SIMULTANEOUSLY WITH OR BEFORE DELIVERY OF THE BONDS, THE SUCCESSFUL BIDDER SHALL FURNISH TO THE COUNTY AN ISSUE PRICE CERTIFICATE ACCEPTABLE TO BOND COUNSEL.]

The Preliminary Official Statement with respect to such bonds, the required form of Proposal for Bonds and the Authorizing Ordinance will be supplied to prospective bidders upon request made to the Director of Budget and Finance, Mezzanine, Historic Court House, Towson, Maryland 21204. Such Preliminary Official Statement is deemed final by the County as of its date

for purposes of Rule 15c2-12 of the United States Securities and Exchange Commission but is subject to revision, amendment and completion in the Official Statement referred to above.

14 The County Executive is hereby authorized and empowered for and on behalf of the County  
15 to make such changes and modifications in the form of the foregoing Notice of Sale and Proposal  
16 for Bonds, and the terms, provisions and conditions thereof to accommodate the sale of Bonds at,  
17 above or below par, the issuance of serial bonds and term bonds with mandatory sinking fund  
18 requirements, the issuance of Bonds in book-entry form and such other changes as may be  
19 recommended by the Director of Budget and Finance, Bond Counsel or the County's Financial  
20 Advisor to meet the requirements and conditions of the municipal bond market as the same may  
21 change from time to time, the publication of such Notice of Sale to be conclusive evidence of the  
22 approval of such changes and modifications. In furtherance of and not in limitation of the  
23 foregoing, the County Executive is hereby authorized to make provision for the receipt of bids for

1 Bonds by electronic means, and to make provisions for the receipt of good-faith deposits by other  
2 arrangements.

3 The Bonds authorized by this Ordinance are hereby specifically exempted from the  
4 provisions of Sections 19-205 and 19-206 of the Local Government Article.

5 SECTION 16. The County Executive is hereby authorized and empowered for and on  
6 behalf of the County (a) to cause the preparation, printing, execution and delivery of a Preliminary  
7 Official Statement and an Official Statement or other offering document with respect to any Bonds  
8 and Notes issued from time to time hereunder, and (b) to do all such things as may be necessary  
9 or desirable in the opinion of the County Executive in connection therewith.

10 The County Executive is hereby authorized and empowered for and on behalf of the County  
11 to enter into such agreements and make such covenants and representations as he shall deem  
12 necessary or advisable, in consultation with the County's Bond Counsel and the County's  
13 Financial Advisor, to ensure compliance with all State and federal securities laws, including  
14 (without limitation) Rule 15c2-12 of the United States Securities and Exchange Commission. All  
15 such agreements, covenants and representations shall be binding upon the County as though set  
16 forth in full herein. Any such agreements and representations may (but need not) be contained in  
17 an order of the County Executive.

18 The Director of Budget and Finance is hereby authorized and empowered to prepare and  
19 distribute copies of the Notice of Sale together with the form of Proposal for Bonds with respect  
20 to any Bonds and the Preliminary Official Statement and Official Statement or other offering  
21 document of the County with respect to any Bonds or Notes to any person who may, in his  
22 judgment, be interested in the purchase of such Bonds or Notes or who may request the same or  
23 information with respect thereto.

SECTION 17. Immediately after the sale of any Bonds or Notes, the interest rate or rates payable thereon and the purchase price thereof shall be fixed by an order of the County Executive, the authority to fix such rates and such purchase price being hereby expressly delegated to the County Executive, in accordance with the terms and conditions of the successful bidder or bidders for such Bonds or Notes, if such Bonds or Notes are sold at competitive sale, and such Bonds or Notes shall thereupon be suitably prepared and delivered to the purchasers thereof in accordance with the conditions of delivery set forth in the Notice of Sale or the purchase contract with respect to such Bonds or Notes. The proceeds of the sale of the Bonds or Notes, including any premium and accrued interest received therefor, shall be paid directly to the Director of Budget and Finance or his designee, who shall deposit the same in the proper accounts of the County. The cost of marketing each issue of Bonds or Notes authorized by this Ordinance shall include (without limitation) the *pro rata* part of the costs of advertising, printing, delivery, legal fees and other expenses as may be arrived at by apportioning the aggregate cost of such advertising, printing, delivery, legal fees and other expenses among each series of Bonds or Notes in the proportion which the aggregate principal amount of each such series of Bonds or Notes bears to the total amount received for all of the Bonds or Notes, respectively. Such costs shall be paid by the County and shall be charged to the appropriate account of the County by the Director of Budget and Finance. The total gross proceeds from the sale of Bonds or Notes, together with any other available funds, shall first be applied to pay or provide for the payment of the principal or redemption price of and interest on any Notes issued in anticipation of the issuance of such Bonds or to be refunded with proceeds of such Notes, respectively. There shall be deducted from the remaining total gross proceeds received from the sale of the Bonds or Notes any amount received on account of accrued interest and premium on such Bonds or Notes, which amount shall be set apart by the Director of Budget and Finance in a separate account and applied to the first payments of interest on such Bonds or Notes issued under this Ordinance or bonds or notes issued under any prior ordinance of the County, or as otherwise permitted by law.

1           The balance of the proceeds received from the sale of the Consolidated Public  
2   Improvement Bonds or Notes issued in anticipation of the issuance of Consolidated Public  
3   Improvement Bonds (“Consolidated Public Improvement Notes”) shall be allocated to the  
4   Individual Series in accordance with the order of the County Executive authorizing the issuance  
5   thereof. The proceeds allocated to each Individual Series shall be expended by the County  
6   exclusively for the costs and expenses of the projects described under the heading for such  
7   Individual Series in Section 20 of this Ordinance. The balance of the proceeds received from the  
8   sale of the Metropolitan District Bonds or Notes issued in anticipation of the issuance of  
9   Metropolitan District Bonds (“Metropolitan District Notes”) shall be utilized by the County to pay  
10   the costs and expenses of the projects described in Section 21 of this Ordinance.

11           If the funds derived from the sale of any Bonds or Notes of any series (exclusive of any  
12   amount received on account of accrued interest or premium on such Bonds or Notes) shall exceed  
13   the amount needed to finance the aggregate cost of the projects to be financed with proceeds of  
14   such Bonds or Notes, the excess funds so derived shall be set apart by the County and applied in  
15   payment of the first principal maturity of the Bonds or Notes of such series or to the payment of  
16   costs of any other projects of the same class for which such Bonds or Notes were authorized.

17           Earnings derived from the investment of the proceeds of the Consolidated Public  
18   Improvement Bonds or Consolidated Public Improvement Notes may be treated as general  
19   revenues of the County and applied to general County purposes, and such use of such investment  
20   proceeds is hereby acknowledged and authorized. Earnings derived from the investment of the  
21   proceeds of the Metropolitan District Bonds and Metropolitan District Notes may be treated as  
22   general revenues of the Baltimore County Metropolitan District operating fund and applied to the  
23   general purposes of the Baltimore County Metropolitan District (the “Metropolitan District”), and  
24   such use of such investment proceeds is hereby acknowledged and authorized. Without limiting  
25   the generality of the foregoing, the County Executive by order may designate specific expenditures

1 to be paid from the aforesaid earnings (provided such expenditures are otherwise payable from the  
2 general revenues of the County or from the general revenues of the Metropolitan District, as the  
3 case may be) and expenditures for such specified purposes shall be deemed to be for the  
4 governmental purposes of such Bonds or Notes. Such specified purposes may include (without  
5 limitation) construction or property acquisition expenditures or expenditures with respect to  
6 interest on such Bonds or Notes.

7       SECTION 18. For the purpose of paying the principal of and the interest on Consolidated  
8 Public Improvement Bonds, Refunding Consolidated Public Improvement Bonds (hereinafter  
9 defined) and Installment Purchase Agreements authorized in Section 10 of this Ordinance  
10 (collectively, "Consolidated Public Improvement Obligations"), the County shall include in the  
11 levy in each and every fiscal year that any of such Consolidated Public Improvement Obligations  
12 are outstanding an *ad valorem* tax or taxes upon all the legally assessable property within the  
13 corporate limits of the County in rate and amount sufficient to provide for the payment, when due,  
14 of the principal of, sinking fund installments for and interest on all of such Consolidated Public  
15 Improvement Obligations; and in the event the proceeds from taxes so levied in any such fiscal  
16 year shall prove inadequate for the above purposes, additional taxes shall be levied in the  
17 succeeding fiscal years to make up such deficiency.

18       The County may apply any funds received by it from the State of Maryland, the United  
19 States of America or any agency or instrumentality thereof, or from any other source, to the  
20 payment of the principal of and interest on the Consolidated Public Improvement Obligations, if  
21 such funds are granted for the purpose of assisting the County in obtaining public facilities of the  
22 class or classes of public facilities for which such Consolidated Public Improvement Obligations  
23 are authorized; and to the extent that any such funds received or receivable in any fiscal year are  
24 applied to such purposes as provided herein, the taxes hereby required to be levied shall be reduced  
25 proportionately.

1           The full faith and credit and unlimited taxing power of the County are hereby irrevocably  
2 pledged to the levy and collection of the taxes hereinabove prescribed as and when such taxes may  
3 become necessary in order to provide sufficient funds to meet the debt service requirements of the  
4 Consolidated Public Improvement Obligations when due. The County hereby solemnly covenants  
5 with each of the holders of any Consolidated Public Improvement Obligations to levy and collect  
6 the taxes hereinabove prescribed and to take all action as may be appropriate from time to time  
7 during the period that any of such Consolidated Public Improvement Obligations remain  
8 outstanding and unpaid to provide the funds necessary to pay the principal or redemption price of  
9 and interest thereon when due.

10           SECTION 19. As soon as any construction work is undertaken that will be payable from  
11 the proceeds of the sale of any Metropolitan District Bonds or Metropolitan District Notes, special  
12 assessments and charges shall be duly levied against all property in the Metropolitan District  
13 benefited, in each instance in accordance with the authority and in the manner prescribed by  
14 Sections 20-3-201 to 20-3-220 of the Baltimore County Code. The principal of or sinking fund  
15 installments for and interest on the Metropolitan District Bonds, Metropolitan District Notes and  
16 Refunding Metropolitan District Bonds (hereinafter defined) (collectively, the “Metropolitan  
17 District Obligations”) that mature or are to be redeemed from mandatory sinking fund installments  
18 shall be paid when due from the funds in the hands of the County realized from the levy and  
19 collection of such special assessments and charges within the Metropolitan District, including the  
20 special assessments and charges levied against property benefited by construction undertaken with  
21 the proceeds of the Metropolitan District Obligations (or, in the case of any Refunding  
22 Metropolitan District Bonds, with proceeds of the Refunded Bonds refunded with proceeds of such  
23 Refunding Metropolitan District Bonds). In the event of a deficiency of such funds at any time  
24 while any of such Metropolitan District Obligations are outstanding, for the purpose of meeting  
25 such principal, sinking fund installments and interest payments, the County shall promptly levy

1 upon all legally assessable property within the Metropolitan District a tax or taxes in an amount or  
2 amounts sufficient to make up any such deficiency, and in the event the proceeds of such tax or  
3 taxes so levied shall prove insufficient, then the County shall levy a tax or taxes upon all of the  
4 legally assessable property within the entire corporate limits of the County in rate and amount  
5 sufficient to provide for payment of the balance of such principal, sinking fund installments and  
6 interest as and when due. The full faith and credit and unlimited taxing power of the County are  
7 hereby irrevocably pledged to the levy and collection of such special assessments and charges in  
8 amounts sufficient for the purpose of meeting, when due, such principal, sinking fund installments  
9 and interest payments and also to the levy and collection of the taxes hereinabove prescribed as  
10 and when such taxes may become necessary in order to provide sufficient funds to meet the debt  
11 service requirements of the Metropolitan District Obligations. The County hereby solemnly  
12 covenants with each of the holders of any of the Metropolitan District Obligations to levy and  
13 collect the taxes hereinabove prescribed and to take all action as may be appropriate from time to  
14 time during the period that any of Metropolitan District Obligations remain outstanding and unpaid  
15 to provide the funds necessary to pay the principal or redemption price of and the interest on such  
16 Metropolitan District Obligations when due.

17       SECTION 20. The projects listed below are to be financed, in part, from the proceeds of  
18 the Consolidated Public Improvement Bonds authorized to be issued and sold by this Ordinance,  
19 as such proceeds are allocated to the various Individual Series in accordance with Section 13 of  
20 this Ordinance. It is estimated and determined that the aggregate costs of such projects will be no  
21 less than \$3,494,120,858, of which ~~\$3,253,120,858~~ \$3,294,120,858 has been or will be defrayed  
22 from sources other than the proceeds of Consolidated Public Improvement Bonds hereby  
23 authorized, such sources consisting of (a) proceeds of other bond issues in the aggregate principal  
24 amount of ~~\$2,049,209,623~~ \$2,090,209,623, (b) contributions by developers and petitioners to the  
25 capital costs of certain projects in the aggregate amount of \$31,329,203, (c) federal and State funds

1 in the aggregate amount of \$463,455,362, (d) appropriations from the County General Fund (the  
2 “General Fund”) in the aggregate amount of \$659,336,857, (e) contributions by other counties and  
3 Baltimore City in the aggregate amount of \$154,661, and (f) other miscellaneous sources in the  
4 aggregate amount of \$49,635,152. It is hereby estimated and determined that the average period  
5 of probable useful life of the projects described below will be in excess of twenty (20) years. A  
6 description of the projects, a part of the cost of which will be paid from the proceeds of the  
7 Consolidated Public Improvement Bonds, as allocated to the various Individual Series, is as

2       SECTION 21. The projects listed below are to be financed, in part, from the proceeds of

3 the Metropolitan District Bonds authorized to be issued and sold by this Ordinance. It is estimated

4 and determined that the costs of such projects will be no less than \$3,293,302,965 of which

5 \$3,043,302,965 has been or will be defrayed from sources other than proceeds of Metropolitan

6 District Bonds hereby authorized, such sources consisting of (a) other bond issues in the aggregate

7 principal amount \$2,747,865,277, (b) contributions by developers to the capital costs of certain

8 projects in the aggregate amount of \$2,965,037, (c) federal and State funds in the aggregate amount

1 of \$882,158, (d) appropriations from revenues of the Metropolitan District of the County in the  
 2 aggregate amount of \$114,023,534, (e) contributions by other counties and Baltimore City in the  
 3 aggregate amount of \$170,538,847, and (f) other miscellaneous sources in the aggregate amount  
 4 of \$7,028,112. It is hereby estimated and determined that the average period of probable useful  
 5 life of the projects described below will be in excess of thirty (30) years. A description of the  
 6 projects, a part of the cost of which will be paid from the proceeds of Metropolitan District Bonds,

1           SECTION 22. It is hereby determined that the outstanding general obligation indebtedness  
2 of the County on June 30, 2019 (exclusive of indebtedness issued for self-liquidating and other  
3 projects payable primarily or exclusively from the proceeds of the assessments or charges for  
4 special benefits or services), plus the ~~\$621,368,500~~ \$580,368,500 aggregate principal amount of  
5 Consolidated Public Improvement Bonds and Refunding Consolidated Public Improvement Bonds  
6 authorized hereby, less the aggregate principal amount of general obligation bonds authorized to  
7 be refunded with the proceeds of such Refunding Consolidated Public Improvement Bonds as  
8 would be permitted by Section 19-207 of the Local Government Article in the event of the  
9 refunding of such general obligation bonds, is equal to ~~\$2,783,958,500~~ \$2,742,958,500. It is  
10 hereby determined that the assessable basis of the County on June 30, 2019, was \$87,739,868,677.  
11 As of the date of enactment of this Ordinance, the aggregate principal amount of Consolidated  
12 Public Improvement Bonds and Refunding Consolidated Public Improvement Bonds authorized  
13 to be issued by this Ordinance are within every debt and other limitation prescribed by the  
14 Constitution and Laws of Maryland, the County Charter and the Public Local Laws of the County.

15           SECTION 23. It is hereby determined that the outstanding indebtedness incurred to  
16 finance the construction and extension of mains, pipes, conduits and lines of various water and  
17 sewerage systems located in the Baltimore County Metropolitan District, as defined by law, as of  
18 June 30, 2019, plus the \$555,893,500 principal amount of Metropolitan District Bonds and the  
19 Refunding Metropolitan District Bonds authorized to be issued and sold as provided for in this  
20 Ordinance, less the aggregate principal amount of bonds authorized to be refunded with the  
21 proceeds of such Refunding Metropolitan District Bonds as would be permitted by Section 19-207  
22 of the Local Government Article in the event of the refunding of such bonds, is equal to  
23 \$2,326,347,178. It is hereby determined that the assessable basis of all taxable property within the  
24 Baltimore County Metropolitan District on June 30, 2019 was \$78,214,368,543. As of the date of  
25 enactment of this Ordinance, the Metropolitan District Bonds and Refunding Metropolitan District

1 Bonds authorized to be issued by this Ordinance are within every debt and other limitation  
2 prescribed by the Constitution and Laws of Maryland, the County Charter and the Public Local  
3 Laws of the County.

4 SECTION 24. The County is hereby authorized to borrow money and incur indebtedness  
5 otherwise authorized to be borrowed and incurred hereinunder in the form of Bonds or Notes by  
6 obtaining a loan (a “Water Quality Loan”) from the Water Quality Administration pursuant to and  
7 in accordance with Sections 9-1601 to 9-1622, inclusive, of the Environment Article of the  
8 Annotated Code of Maryland (the “Water Quality Act”). Any such Water Quality Loan shall be  
9 evidenced by a loan agreement (a “Water Quality Loan Agreement”) between the County and the  
10 Water Quality Administration and a Bond or Note issued by the County (the Water Quality Loan  
11 Agreement and such Bond or Note being referred to herein as a “Water Quality Obligation”).

12 It is acknowledged that the proceeds of any Water Quality Loan will be used for the  
13 public purposes of financing a portion of the costs of acquiring, constructing and equipping certain  
14 wastewater facilities or water supply systems, each as defined in the Water Quality Act  
15 (collectively, the “Water Quality Facilities”) and any related costs, including costs of the Water  
16 Quality Administration and the funding of reserves, to the extent permitted by the Water Quality  
17 Act. Water Quality Facilities may include projects that the County classifies as wastewater  
18 projects, water projects or under some other classification.

19 Subject to and in accordance with the provisions of this Ordinance, the County Executive  
20 shall determine by order, for each and every Water Quality Obligation, all matters relating thereto,  
21 including (without limitation) the purposes for which such Water Quality Obligation is issued, the  
22 prepayment provisions, if any, thereof, the manner of authentication of such Water Quality  
23 Obligation, if any, the date from which interest on such Water Quality Obligation shall accrue, the  
24 rate or rates of interest borne by such Water Quality Obligation or the method of determining the

1 same, the interest payment and maturity dates thereof; and the provisions for the registration of  
2 Water Quality Obligations.

3 The County Executive is hereby authorized to determine the form of Water Quality  
4 Obligations and the execution and delivery thereof shall be conclusive evidence of the approval of  
5 the form of such Water Quality Obligations on behalf of the County. Water Quality Obligations  
6 shall be executed by the County Executive, and the seal of the County shall be affixed or imprinted  
7 thereon, attested by the Secretary to the County Executive.

8 Water Quality Obligations may be sold for a price at, above or below par, plus accrued  
9 interest to the date of delivery through a private (negotiated) sale, without solicitation of  
10 competitive bids and such sale is hereby determined to be in the best interests of the County. Water  
11 Quality Obligations are hereby specifically exempted from the provisions of Sections 19-205 and  
12 19-206 of the Local Government Article.

13 Notwithstanding the foregoing:

14 (a) annual principal payments on Water Quality Obligations shall begin not more than  
15 two years from the date of issue; and

16 (b) Water Quality Obligations shall mature not later than the maximum maturity  
17 permitted under the Water Quality Act, the County Charter and the Baltimore County Code.

18 Water Quality Obligations shall be finally paid within the probable useful life of the  
19 Water Quality Facility with respect to which such indebtedness is originally incurred, or, if such  
20 indebtedness is issued for several Water Quality Facilities, then within the average probable useful  
21 life of all such Water Quality Facilities, as such probable useful lives have been determined in this  
22 Ordinance. Any Water Quality Loan (including any Water Quality Loan Agreement and Water  
23 Quality Bond) shall be secured as provided in Sections 18 or 19 of this Ordinance, as applicable.

24 SECTION 25. It is hereby found and determined that an inflexible approach to borrowing  
25 by the County threatens its ability to initiate necessary capital projects today and will diminish the

1 resources available to provide for the needs of the citizens of the County in the future, and that the  
2 interests of the County are best served by providing the County with reasonable flexibility in  
3 accessing the capital markets.

4 In order to provide the County with additional flexibility required in light of current bond  
5 market conditions, the County's Financial Advisor has recommended that the County be  
6 authorized to refund or otherwise refinance outstanding Bonds authorized hereby in order to effect  
7 certain cost savings through the issuance and sale of refunding bonds or other obligations bearing  
8 lower interest rates. Because such refinancing would be undertaken to effect cost savings by  
9 replacing outstanding Bonds with obligations bearing lower interest rates, it is the intent of the  
10 County that such obligations be issued under the Borrowing Plan Ordinances and other authority  
11 referred to in Section 9 of this Ordinance or Acts of the General Assembly of Maryland and other  
12 authority referred to in Section 11 of this Ordinance, as the case may be, and that such obligations,  
13 if issued, will constitute a reissuance of the indebtedness authorized by this Ordinance and shall  
14 not constitute additional indebtedness under such authorizations or under any other authority.

15 SECTION 26. Pursuant to Section 19-212(a) of the Local Government Article, the County  
16 is hereby authorized to issue and sell its bond anticipation notes (the "Consolidated Public  
17 Improvement Notes") in an aggregate principal amount not exceeding ~~\$241,000,000~~ \$200,000,000  
18 (subject to the provisions of Section 30 of this Ordinance) in anticipation of the issuance and sale  
19 of Consolidated Public Improvement Bonds authorized to be issued and sold under this Ordinance,  
20 subject to the provisions of this Ordinance.

21 SECTION 27. Pursuant to Section 19-212(a) of the Local Government Article, the County  
22 is hereby authorized to issue and sell its bond anticipation notes (the "Metropolitan District Notes")  
23 in an aggregate principal amount not exceeding \$250,000,000 (subject to the provisions of Section  
24 30 of this Ordinance) in anticipation of the issuance and sale of Metropolitan District Bonds  
25 authorized to be issued and sold under this Ordinance, subject to the provisions of this Ordinance.

1 Consolidated Public Improvement Notes and Metropolitan District Notes are referred to in  
2 this Ordinance collectively as the “Notes.”

3 SECTION 28. Except as otherwise expressly provided in this Ordinance, Notes shall be  
4 issued in the same manner as Bonds issued pursuant to this Ordinance and shall have the terms  
5 and provisions determined in accordance with Sections 13 and 14 of this Ordinance, and the  
6 County Executive is hereby authorized to make the determinations set forth therein with respect  
7 to any Notes, as if such Notes were Bonds.

8 All Notes authorized hereby, except Program Notes (as defined in Section 30) and Water  
9 Quality Obligations, shall mature on or before that date which is thirty (30) years after the date of  
10 the first Note issued pursuant to this Ordinance (the “Final Maturity Date”).

11 The County Executive is hereby authorized to determine the form of any Notes issued  
12 hereunder. The execution and delivery of Notes as herein provided shall be conclusive evidence  
13 of the approval of the form of such Notes on behalf of the County.

14 SECTION 29. Notes hereby authorized may be sold for a price at, above or below par,  
15 plus accrued interest to the date of delivery. Authority is hereby conferred on the County  
16 Executive to sell the Notes through a public sale or through a private (negotiated) sale, without  
17 solicitation of competitive bids, as the County Executive, upon consultation with the Director of  
18 Budget and Finance and the County’s Financial Advisor, shall determine to be in the best interests  
19 of the County. Any sale of Notes hereunder by private negotiation is hereby determined to be for  
20 the County’s best interest.

21 If the County Executive shall determine in accordance with this Section to sell any Notes  
22 at a public sale through the solicitation of competitive bids, then the County Executive may sell  
23 such Notes in accordance with such procedures as shall be determined by the County Executive.

Notes issued under this Ordinance are hereby specifically exempted from the provisions of Sections 19-205 and 19-206 of the Local Government Article.

SECTION 30. It is hereby found and determined as follows: (i) general economic conditions require sensitive and careful debt management in order to reduce to the extent practicable the cost of borrowing to the County and it is in the best interests of the County to be able to implement a flexible approach to borrowing using obligations bearing interest at short-term rates; (ii) there is a large market for obligations bearing interest at short-term rates, such as variable rate demand obligations, commercial paper and other short-term municipal obligations having varying maturities and mandatory and optional redemption, tender or purchase provisions and bearing interest at variable rates based on current market conditions, which may be established by a dealer or remarketing or similar agent, through an auction process or with reference to one or more indices (collectively, "Variable Rate Demand Obligations"); and (iii) the ratings assigned to Variable Rate Demand Obligations and the market for them may be enhanced if there is available to the issuer of Variable Rate Demand Obligations a supporting credit or liquidity arrangement, such as a letter of credit, line of credit or revolving loan agreement (a "Credit Facility"), pursuant to which an alternate source of borrowing will be available during any period in which Variable Rate Demand Obligations cannot be marketed or remarketed, as the case may be.

In connection with the issuance by the County of notes having varying maturities and mandatory and optional redemption, tender or purchase provisions and bearing interest at variable rates based on current market conditions, which may be established by a dealer or remarketing or similar agent, through an auction process or with reference to one or more indices (collectively, "Variable Rate Demand Notes"), including (without limitation) Variable Rate Demand Notes in the nature of commercial paper ("Commercial Paper Notes") or other Variable Rate Demand Obligations, in addition to such Commercial Paper Notes or other Variable Rate Demand Notes, the County is hereby authorized to issue a separate and distinct series of Notes evidencing and

1   securing the obligations of the County under a Credit Facility supporting such Commercial Paper  
2   Notes or other Variable Rate Demand Notes, respectively (the “Credit Facility Notes”) (such  
3   Commercial Paper Notes or other Variable Rate Demand Notes and such Credit Facility Notes  
4   being collectively referred to herein as the “Program Notes”). The word “Notes,” as used in this  
5   Ordinance, includes Program Notes, and it is intended that the provisions of this Ordinance  
6   applying to Notes shall include Program Notes unless the context clearly requires a contrary  
7   meaning.

8           For the purposes of this Ordinance, the term “principal amount” when used with respect to  
9   the Program Notes shall mean (i) in the case of any Commercial Paper Note or other Variable Rate  
10   Demand Note, the face amount of any such Commercial Paper Notes or other Variable Rate  
11   Demand Note, less any original issue discount on such Commercial Paper Note or other Variable  
12   Rate Demand Note, and (ii) in the case of any Credit Facility Note, the principal amount actually  
13   advanced under a Credit Facility that is evidenced by any such Credit Facility Note. Accordingly,  
14   it is contemplated by this Ordinance that the aggregate face amount of Program Notes that may be  
15   outstanding from time to time hereunder, together with other Notes issued hereunder and  
16   outstanding from time to time, may exceed the aggregate principal amount of Notes authorized to  
17   be outstanding hereunder at any one time.

18           It is recognized that the procedures necessary or desirable to implement a commercial paper  
19   program within the framework of existing market practices require the County to prescribe  
20   procedures to facilitate the prompt determination and approval of certain matters in connection  
21   with the authorization, issuance, execution, sale, delivery and payment of and for any Program  
22   Notes. Accordingly, the County Executive by or pursuant to executive order or other appropriate  
23   action or proceedings is hereby authorized (a) to establish such procedures, including (without  
24   limitation) procedures for (i) the determination of the dates, interest payment dates and maturities  
25   of any Program Notes, or the method by which the same shall be determined, (ii) the determination

1 of the interest rate or rates to be borne by any Program Notes, which may be separately stated by  
2 rate or amount or which may be in an amount equal to the discount thereon, or the method by  
3 which the same shall be determined, (iii) any mandatory or optional redemption, tender or purchase  
4 dates of Program Notes, and (iv) the determination of the price or prices at which such Program  
5 Notes may be sold, which may be at, above or below the face value thereof or the method by which  
6 the same shall be determined, and (b) to determine any and all other matters relating to the terms,  
7 specifications and form of such Program Notes. Any such procedures may include provisions for  
8 telephonic approval and subsequent telegraphic or written confirmation of one or more of such  
9 matters by the County Administrative Officer, the Director of Budget and Finance or such other  
10 officers or employees of the County as the County Executive shall designate within guidelines or  
11 parameters prescribed by the County Executive. The establishment of such procedures and all  
12 such determinations and actions shall be deemed to be of an administrative nature.

13 Without limiting the terms and provisions that may be included in any such Notes, to the  
14 extent permitted by law and deemed advisable by the County Executive, the full faith and credit  
15 and taxing power of the County may be pledged to the payment of the redemption or purchase  
16 price of any Program Notes on any date on which such Notes are subject to redemption, tender or  
17 purchase at the option of the holders thereof or to mandatory redemption, tender or purchase prior  
18 to stated maturity dates.

19 Indebtedness represented by Program Notes issued pursuant to this Ordinance shall be (i)  
20 amortized on an annual basis beginning on or before the second anniversary of the date on which  
21 the first Program Note is issued hereunder and (ii) finally paid within the probable useful life of  
22 the improvement or undertaking with respect to which such indebtedness is originally incurred, or,  
23 if such indebtedness is issued for several improvements or undertakings, then within the average  
24 probable useful life of all such improvements or undertakings, as such probable useful lives have  
25 been determined in this Ordinance. If the principal of any Program Notes issued to finance or

1 refinance any undertaking or undertakings is paid from any source other than from the proceeds  
2 of the sale of Notes or Bonds issued hereunder, then the authority to incur indebtedness for such  
3 undertaking or undertakings pursuant to this Ordinance and the Borrowing Plan Ordinances and  
4 other authority referred to in Section 9 of this Ordinance, or the Acts of the General Assembly of  
5 Maryland and other authority referred to in Section 11 of this Ordinance, as the case may be, shall  
6 be reduced or exhausted to the extent of such payment of principal.

7       The aggregate principal amount of Program Notes issued and outstanding at any one time  
8 pursuant to the authority hereof, together with the aggregate principal amount of any other bond  
9 anticipation notes secured by the full faith and credit of the County and issued and outstanding  
10 pursuant to the authority of this or any other ordinance of the County heretofore enacted, shall not  
11 exceed ~~\$491,000,000~~ \$450,000,000.

12       SECTION 31. The County hereby covenants and agrees with the holders of Notes issued  
13 under this Ordinance to issue the Bonds in anticipation of the sale of which such Notes are issued  
14 when, and as soon as, the reason for deferring the issuance thereof no longer exists, and to pay the  
15 principal of and interest on such Notes from the proceeds of such Bonds. This covenant shall be  
16 binding upon the County notwithstanding any limitation set forth in this Ordinance, including  
17 (without limitation) any limitation with respect to the interest rate or rates that the Bonds may bear.  
18 If the County shall not, for any reason, issue and sell such Bonds as aforesaid, or if the proceeds  
19 from the sale of such Bonds shall be insufficient to pay the principal of and interest on any Notes,  
20 then the revenues from taxes and other sources intended for application to debt service on such  
21 Bonds shall be applied to the payment of the interest on and principal of such Notes. The foregoing  
22 provisions shall not be construed so as to prohibit the County from paying the principal or  
23 redemption price of and interest on any Note issued hereunder from the proceeds of the sale of any  
24 other Note issued hereunder or from any other funds legally available for that purpose.

1           If the County shall not, for any reason, issue and sell any Consolidated Public Improvement  
2 Bonds in anticipation of which any Notes are issued, or if the proceeds from the sale of such Bonds  
3 shall be insufficient to pay the principal of or interest on such Notes, then the County shall include  
4 in the levy in each and every fiscal year that any of such Notes are outstanding, *ad valorem* taxes  
5 upon all the legally assessable property within the corporate limits of the County in rate and amount  
6 sufficient to provide for the payment, when due, of the principal of and interest on all of such Notes  
7 maturing in each such fiscal year; and in the event the proceeds from taxes so levied in any such  
8 fiscal year shall prove inadequate for the above purposes, additional taxes shall be levied in the  
9 succeeding fiscal years to make up such deficiency. The County may apply to the payment of the  
10 principal of and interest on any such Notes any funds received by it from the State of Maryland,  
11 the United States of America or any agency or instrumentality thereof, or from any other source,  
12 if such funds are granted or otherwise obtained for the purpose of assisting the County in obtaining  
13 public facilities of the class or classes of public facilities for which such Notes are authorized; and  
14 to the extent that any such funds received or receivable in any fiscal year are applied to such  
15 purposes as provided herein, the taxes hereby required to be levied shall be reduced  
16 proportionately. The full faith and credit and unlimited taxing power of the County shall be  
17 irrevocably pledged to the levy and collection of the taxes hereinabove prescribed as and when  
18 such taxes may become necessary in order to provide sufficient funds to pay the principal of or  
19 interest on such Notes.

20           If the County shall not, for any reason, issue and sell Metropolitan District Bonds in  
21 anticipation of which any Notes may be issued, or if the proceeds from the sale of such Bonds shall  
22 be insufficient to pay the principal of or interest on such Notes, then the principal of and interest  
23 on such Notes shall be paid from time to time, as and when due, from the funds in the hands of the  
24 County realized from the levy and collection of such special assessments and charges within the  
25 Baltimore County Metropolitan District, including the special assessments and charges levied

1 against property benefited by construction undertaken with the proceeds of such Notes. In the  
2 event of a deficiency of such funds at any time while any of such Notes are outstanding, for the  
3 purpose of paying such principal and interest the County shall promptly levy upon all legally  
4 assessable property within the Baltimore County Metropolitan District a tax or taxes in an amount  
5 sufficient to make up any such deficiency; and in the event the proceeds of such tax or taxes so  
6 levied shall prove insufficient, the County shall levy a tax or taxes upon all of the legally assessable  
7 property within the entire corporate limits of the County in rate and amount sufficient to provide  
8 for payment of the balance of such principal and interest. The full faith and credit and unlimited  
9 taxing power of the County are hereby irrevocably pledged to the levy and collection of such  
10 special assessments and charges in amounts sufficient for the purpose of paying such principal and  
11 interest and also to the levy and collection of the taxes hereinabove prescribed as and when such  
12 taxes may become necessary in order to provide sufficient funds to pay the principal of and interest  
13 on such Notes.

14 To the extent permitted by law, interest on the Notes hereby authorized may be capitalized  
15 and paid from the proceeds of the sale of such Notes or from the proceeds of the sale of the Bonds  
16 in anticipation of the sale of which such Notes are issued.

17 SECTION 32. The Director of Budget and Finance shall separately account for proceeds  
18 of the Bonds in anticipation of which any outstanding Notes shall have been issued on the date  
19 that such Bonds are delivered in exchange for the purchase price thereof (the "Delivery Date") and  
20 shall credit to such account (i) cash in an amount equal to the principal of such Notes or (ii) direct  
21 obligations of, or obligations the payment of which is unconditionally guaranteed by, the United  
22 States of America ("Government Obligations"), the principal of and interest on which will be  
23 sufficient without reinvestment to pay in a timely manner the principal or redemption price of such  
24 Notes when due. The Director of Budget and Finance is hereby irrevocably directed to apply such  
25 cash or the proceeds of such obligations to the payment of the principal of such Notes when due.

1           On the Delivery Date, the Director of Budget and Finance shall also deposit to such account  
2   (i) cash in an amount equal to the interest becoming due on such Notes on or prior to the maturity  
3   or redemption date of such Notes or (ii) Government Obligations the principal of and interest on  
4   which will be sufficient without reinvestment to pay when due the interest becoming due on such  
5   Notes on or prior to the maturity or redemption date of such Notes.

6           The County may provide any cash or obligations required to be deposited to provide for  
7   the payment of principal or interest on any such Notes under this Section from the proceeds of the  
8   sale such Bonds available for that purpose or from any other funds legally available for such  
9   purpose.

10          Notwithstanding the foregoing, if the Delivery Date and the date on which the such Notes  
11   mature or are to be redeemed are in different fiscal years and provision for the payment of the  
12   interest on such Notes is the fiscal year in which such Notes mature or are to be redeemed has been  
13   made in a budget submitted to the County Council prior to the Delivery Date (whether or not  
14   money for the payment of such interest has been finally appropriated as of the Delivery Date), in  
15   lieu of the deposit of such cash or obligations for the payment of interest on such Notes for any  
16   period after the last day of the then-current fiscal year, the County Executive or the Director of  
17   Budget and Finance may deliver a certificate on the Delivery Date of the Bonds stating that funds  
18   sufficient to pay the interest on such Notes have been included in the budget for the next  
19   succeeding fiscal year.

20          SECTION 33. The proceeds of Notes issued pursuant to this Ordinance may be used to  
21   pay, at maturity, or at the time of redemption, the principal or redemption price of, or the principal  
22   or redemption price of and interest on, Notes (“Refinanced Notes”) previously issued pursuant to  
23   this Ordinance. If, and to the extent that, the proceeds from the issuance and sale of Notes are used  
24   to repay the principal of Refinanced Notes, such Notes shall constitute a continuance and

1 reissuance of the indebtedness represented by the Refinanced Notes and authorized by this  
2 Ordinance and shall not constitute additional indebtedness hereunder or under any other authority.

3 SECTION 34. Section 19-207 of the Local Government Article (the “Refunding Act”)  
4 provides that refunding bonds may be issued by the County thereunder for certain public purposes  
5 specified therein, including realizing savings to the County in the total cost of debt service on  
6 either a direct comparison or present value basis.

7 The County Council hereby finds and determines that the issuance of Refunding Bonds  
8 pursuant to this Ordinance in order to refund all or a portion of the outstanding principal amount  
9 of any Refunded Bonds as herein provided will effectuate and accomplish the public purpose of  
10 realizing savings to the County in the aggregate cost of debt service on both a direct comparison  
11 and a present value basis.

12 SECTION 35. Pursuant to the Refunding Act, Section 10-203 of the Local Government  
13 Article, the County Charter and certain other authority pursuant to which the Refunded  
14 Consolidated Public Improvement Bonds (hereinafter defined) were issued, the County is hereby  
15 authorized, upon its full faith and credit, to borrow money and incur indebtedness evidenced by  
16 Bonds issued under this Ordinance (“Refunding Consolidated Public Improvement Bonds”) to  
17 refinance (i) bonds of the County of the series, dated the dates, of the maturities and in the  
18 aggregate principal amounts shown on Chart II attached hereto and (ii) Consolidated Public  
19 Improvement Bonds issued hereunder that are subject to optional redemption (collectively,  
20 “Refunded Consolidated Public Improvement Bonds”), subject to the provisions of this Ordinance.

21 SECTION 36. Pursuant to the Refunding Act, Section 10-203 of the Local Government  
22 Article, the County Charter, Chapter 539 and certain other authority pursuant to which the  
23 Refunded Metropolitan District Bonds (hereinafter defined) were issued, the County is hereby  
24 authorized, upon its full faith and credit, to borrow money and incur indebtedness evidenced by  
25 Bonds issued under this Ordinance (“Refunding Metropolitan District Bonds”) to refinance (i)

1 bonds of the County of the series, dated the dates, of the maturities and in the aggregate principal  
2 amounts shown on Chart III attached hereto and (ii) Metropolitan District Bonds issued hereunder  
3 that are subject to optional redemption (“Refunded Metropolitan District Bonds”), subject to the  
4 provisions of this Ordinance.

5         SECTION 37. Refunding Consolidated Public Improvement Bonds and Refunding  
6 Metropolitan District Bonds (collectively, “Refunding Bonds”) may be issued pursuant to this  
7 Ordinance in an aggregate principal amount not to exceed 130% of the principal amount of the  
8 Refunded Consolidated Public Improvement Bonds or Refunded Metropolitan District Bonds  
9 (collectively, “Refunded Bonds”) refinanced thereby in order to provide funds sufficient (a) to  
10 purchase Government Obligations, the principal of and interest on which will be sufficient without  
11 reinvestment to pay in a timely manner all or any part of the principal of and redemption premium,  
12 if any, and interest on such Refunded Bonds and, if so provided by order of the County Executive  
13 issued pursuant to Section 13 of this Ordinance, a portion of the interest on such Refunding Bonds,  
14 and (b) to pay any and all other costs permitted to be paid from the proceeds of such Refunding  
15 Bonds under the Refunding Act, including (without limitation) the costs of issuance of such  
16 Refunding Bonds and applicable underwriting fees.

17         The rate or rates of interest payable on any series of Refunding Bonds sold pursuant to this  
18 Ordinance shall not exceed the maximum interest rate, if any, specified by the County Council by  
19 public local law to be payable on obligations of the County.

20         Except as otherwise expressly provided in this Ordinance, Refunding Bonds shall have the  
21 terms and provisions determined in accordance with Sections 13 and 14, and the County Executive  
22 is hereby authorized to make the determinations set forth therein with respect to any Refunding  
23 Bonds; provided, however, that the issuance of such Refunding Bonds will effectuate and  
24 accomplish the public purpose of realizing savings to the County in the aggregate cost of debt

1 service on both a direct comparison and a present value basis with respect to the portion of any  
2 Refunded Bonds being refunded with proceeds of such Refunding Bonds.

3 The County Executive is hereby authorized to determine the form of any Refunding Bonds  
4 issued hereunder. The execution and delivery of Refunding Bonds as herein provided shall be  
5 conclusive evidence of the approval of the form of such Refunding Bonds on behalf of the County.

6 It is hereby determined that the projects financed or refinanced by the Refunded Bonds  
7 refunded with proceeds of any Refunding Consolidated Public Improvement Bonds and Refunding  
8 Metropolitan District Bonds have an average period of probable useful life that terminates not  
9 earlier than the last day of the fiscal year of the County during which the Refunded Bonds would  
10 have finally matured.

11 SECTION 38. Refunding Bonds hereby authorized may be sold for a price at, above or  
12 below par, plus accrued interest to the date of delivery. Authority is hereby conferred on the  
13 County Executive to sell any Refunding Bonds through a public sale or through a private  
14 (negotiated) sale, without solicitation of competitive bids, as the County Executive, upon  
15 consultation with the Director of Budget and Finance and the County's Financial Advisor, shall  
16 determine to be in the best interests of the County. Any sale of Refunding Bonds by private  
17 negotiation is hereby determined to be for the County's best interest.

18 If the County Executive shall determine in accordance with this Section that the best  
19 interests of the County will be served by the sale of all or part of the Refunding Bonds at a public  
20 sale through the solicitation of competitive bids, then the County Executive may sell such Bonds  
21 in such manner in accordance with such procedures as shall be determined by the County  
22 Executive.

23 Refunding Bonds issued hereunder are hereby specifically exempted from the provisions  
24 of Sections 19-205 and 19-206 of the Local Government Article.

1           SECTION 39. In connection with the issuance of any Bonds or Notes pursuant to this  
2 Ordinance, the County is hereby authorized to enter into one or more agreements as the County  
3 Executive shall deem necessary or appropriate for the issuance, sale, delivery or security of such  
4 Bonds or Notes, which may include (without limitation) (i) underwriting, purchase or placement  
5 agreements for Bonds or Notes sold at private (negotiated) sale in accordance with the provisions  
6 of this Ordinance; (ii) trust agreements with commercial banks or trust companies providing for  
7 the issuance and security of such Bonds or Notes; (iii) any dealer, remarketing or similar  
8 agreements providing for the placement or remarketing of such Bonds or Notes; (iv) agreements  
9 providing for any credit or liquidity facilities supporting any Bonds or Notes; (v) agreements with  
10 commercial banks or trust companies providing for the deposit of proceeds of any Bonds or Notes;  
11 and (vi) agreements with fiscal agents providing for the issuance of Bonds or Notes, their  
12 authentication, registration or payment or other similar services. Each such agreement shall be in  
13 such form as shall be determined by the County Executive by order. The execution and delivery  
14 of each such agreement by the County Executive shall be conclusive evidence of the approval of  
15 the form of such agreement on behalf of the County.

16           SECTION 40. The County hereby solemnly covenants with each of the holders of any  
17 Bonds, Notes and Installment Purchase Agreements, the interest on which is expected to be  
18 excludable from federal income taxation (such Bonds, Notes and Installment Purchase Agreements  
19 being referred to herein collectively as “Tax-Exempt Obligations”), that it will not use, or suffer  
20 or permit to be used, the proceeds received from sale of such Tax-Exempt Obligations, or any  
21 moneys on deposit to the credit of any account of the County which may be deemed to be proceeds  
22 of such Tax-Exempt Obligations, pursuant to Section 148 of the Internal Revenue Code of 1986,  
23 as amended (the “Code”), and applicable regulations thereunder, which use would cause such Tax-  
24 Exempt Obligations to be “arbitrage bonds” within the meaning of Section 148 of the Code and  
25 the regulations thereunder. The County further solemnly covenants that it will comply with

1 Section 148 of the Code and the regulations thereunder which are applicable to such Tax-Exempt  
2 Obligations on the date of issuance of such Tax-Exempt Obligations and which may subsequently  
3 lawfully be made applicable to such Tax-Exempt Obligations. The County Executive, the County  
4 Administrative Officer and the Director of Budget and Finance shall be officers of the County  
5 responsible for issuing any Tax-Exempt Obligation. The County Executive or the Director of  
6 Budget and Finance is hereby authorized and directed to prepare or cause to be prepared and to  
7 execute, any certification, opinion or other document which may be required to assure that such  
8 Tax-Exempt Obligations will not be deemed to be “arbitrage bonds” within the meaning of Section  
9 148 of the Code and the regulations thereunder.

10 The County is hereby authorized to take any and all actions as may be necessary or  
11 desirable to assure that interest on Tax-Exempt Obligations be and remain excludable from gross  
12 income for federal income tax purposes.

13 The County is hereby authorized to take any and all actions as may be necessary or  
14 desirable to assure that any Bonds, Notes or Installment Purchase Agreements authorized by this  
15 Ordinance are allowed a tax credit, that the County is entitled to a subsidy from the United States  
16 of America or any agency or instrumentality thereof with respect to such Bonds, Notes or  
17 Installment Purchase Agreements or the interest payable thereon, or that any such Bond, Note or  
18 Installment Purchase Agreements or the interest thereon is entitled to any other available benefits  
19 under the Code (any such Bonds, Notes or Installment Purchase Agreements being referred to  
20 herein as “Tax Advantaged Obligations”). Any such actions may be authorized by an order of the  
21 County Executive.

22 The County Executive is hereby authorized to make such covenants or agreements in  
23 connection with the issuance of any Tax-Exempt Obligations or Tax Advantaged Obligations as  
24 he shall deem advisable in order to assure (i) the holders of any such Tax-Exempt Obligations that  
25 interest thereon shall be and remain exempt from federal income taxation, (ii) the holders of any

1 such Tax Advantaged Obligations that such Tax Advantaged Obligations will be entitled to such  
2 benefits, and (iii) that the County is entitled to any subsidy available for any such Tax Advantaged  
3 Obligations. Such covenants or agreements shall be binding on the County so long as the  
4 observance by the County of any such covenants or agreements is necessary in connection with  
5 the maintenance of the exemption from federal income taxation of the interest on such Tax-Exempt  
6 Obligations or the entitlement of such Tax Advantaged Obligations to such benefits, respectively.  
7 The foregoing covenants and agreements may include (without limitation) covenants or  
8 agreements on behalf of the County relating to the investment of proceeds of such Tax-Exempt  
9 Obligations or Tax Advantaged Obligations, the rebate of certain earnings resulting from such  
10 investment to the United States of America (or the payment of penalties in lieu of such rebate),  
11 limitations on the times within which, and the purposes for which, such proceeds may be expended  
12 or the utilization of specified procedures for accounting for and segregating such proceeds. Any  
13 covenant or agreement made by the County Executive pursuant to this paragraph in an order or  
14 certificate executed by the County Executive shall be binding upon the County.

15 In furtherance of the foregoing, in order to qualify for and maintain the tax-exempt status  
16 of any Tax-Exempt Obligations or the benefits inuring with respect to any Tax Advantaged  
17 Obligation, the County Executive shall be authorized to make any elections or designations  
18 permitted or required under the Code, to apply for an allocation from the State of Maryland or the  
19 federal government in the case of Bonds, Notes or Installment Purchase Agreements subject to any  
20 volume limitation and to apply for any tax credit, to take such actions as shall be necessary to  
21 permit any tax credit to be stripped and sold separately from the ownership interest in any Tax  
22 Advantaged Bond and to claim any cash subsidy with respect to any Tax Advantaged Obligation.  
23 It is confirmed that the County Executive is authorized to declare official intent to reimburse  
24 expenditures from proceeds of Tax Advantaged Obligations.

1 For purposes of establishing compliance with Section 148 of the Code regarding the  
2 expenditure of proceeds of Tax-Exempt Obligations or Tax Advantaged Obligations, the source  
3 of General Fund monies for capital expenditures may be specifically attributed to funds deposited  
4 to the General Fund as a reimbursement from the proceeds of County debt issuances in accordance  
5 with a certificate executed by the County Executive.

6 Tax Advantaged Obligations may be issued pursuant to Section 19-208 of the Local  
7 Government Article or any other laws of the State of Maryland authorizing the issuance thereof  
8 and may be sold for a price at, above or below par, plus accrued interest to the date of delivery.  
9 Authority is hereby conferred on the County Executive to sell any such Tax Advantaged  
10 Obligations through a public sale or through a private (negotiated) sale, without solicitation of  
11 competitive bids, as the County Executive, upon consultation with the Director of Budget and  
12 Finance and the County's Financial Advisor, shall determine to be in the best interests of the  
13 County. Any sale of Tax Advantaged Obligations hereunder by private negotiation is hereby  
14 determined to be for the County's best interest. Tax Advantaged Obligations issued hereunder are  
15 hereby specifically exempted from the provisions of Sections 19-205 and 19-206 of the Local  
16 Government Article.

17 It is recognized that the market for Tax Advantaged Obligations is evolving and that the  
18 issuance and sale from time to time of Tax Advantaged Obligations with one stated maturity may  
19 be the most practicable method for successfully accomplishing the sale of Tax Advantaged  
20 Obligations by the County. Accordingly, the County is hereby authorized to issue Tax Advantaged  
21 Obligations with a single stated maturity and to provide for an annual installment plan (the  
22 "Installment Plan") with respect to the payment of Tax Advantaged Obligations, such Installment  
23 Plan to be approved by an order of the County Executive. The Installment Plan shall provide for  
24 annual payments to a sinking fund account (the "Escrow Account") to be pledged to the payment  
25 of the Tax Advantaged Obligations and to be held by a trust company or other banking institution,

1 as trustee or escrow agent, such annual payments to commence not later than two years from the  
2 date of issuance of the Tax Advantaged Obligations. Amounts so deposited to the Escrow Account  
3 shall be invested and reinvested in direct obligations of, or obligations the principal of, and the  
4 interest on which, are guaranteed by, the United States of America, or in certificates of deposit or  
5 time deposits secured by direct obligations or obligations the principal of, and the interest on  
6 which, are guaranteed by, the United States of America. Each annual payment deposited to the  
7 Escrow Account under the Installment Plan shall be invested and reinvested in a manner  
8 determined by the County so as to provide for the payment of a portion of the stated principal  
9 amount of such Tax Advantaged Obligations and related interest, if any. The issuance and sale of  
10 Tax Advantaged Obligations as a single bond with one stated maturity and the establishment of an  
11 Installment Plan as herein described are hereby authorized notwithstanding the requirement in  
12 Section 13 of this Ordinance that Bonds be issued as serial maturity bonds or term bonds having  
13 mandatory sinking fund requirements, with principal installments commencing not more than two  
14 years from the date of issuance of the Bonds.

15 It is confirmed that bond premium, consisting of net bond proceeds from the sale of bonds  
16 sold at a price above par, may be allocated for expenditure purposes permitted under provisions of  
17 federal income tax law pertaining to excludability of interest on the bonds from gross income or  
18 the tax status of Tax Advantaged Obligations, as applicable.

19 The County may determine to issue Bonds, Notes and Installment Purchase Agreements  
20 with the expectation that any such indebtedness will not constitute a Tax-Exempt Obligation or a  
21 Tax Advantaged Obligation.

22 SECTION 41. Not more than 30 and not less than 15 days prior to the date established by  
23 the County Executive for the sale of any Bonds, the County Executive shall give to members of  
24 the County Council at their offices in the Historic Court House written notice of the date  
25 established for the sale of such Bonds, the estimated aggregate principal amount of such Bonds,

1 the purposes for which such Bonds are being issued, the estimated dates on which such Bonds  
2 mature and the estimated amount maturing on each such date and any applicable redemption  
3 provisions pertaining to the Bonds. The failure of the County Executive to give such notice, or  
4 any defect in such notice, shall not affect the validity of the Bonds, the sale of the Bonds or any  
5 proceedings relating thereto.

6 SECTION 42. Except as provided in the further provisions of this Section, the authority  
7 to issue Bonds and Notes pursuant to this Ordinance shall expire on December 31, 2020 (the  
8 "Expiration Date"). The expiration of the authority to issue Bonds and Notes pursuant to this  
9 Ordinance as aforesaid shall not affect the authority of the County to issue bonds and incur  
10 indebtedness pursuant to the Borrowing Plan Ordinances hereinabove set forth, nor the validity of  
11 any Bonds or Notes issued prior to the Expiration Date and outstanding on or after such Expiration  
12 Date.

13 (a) The authority to issue Refunding Bonds and Bonds to be sold to the Water  
14 Quality Administration pursuant to this Ordinance shall not expire on the Expiration Date.

15 (b) The authority to issue Bonds and Notes pursuant to this Ordinance shall not  
16 expire on the Expiration Date with respect to Bonds or Notes issued to: (1) refund Notes  
17 outstanding on the Expiration Date; or (2) refund Notes issued to refund, directly or through a  
18 series of refundings, Notes outstanding on the Expiration Date.

19 (c) The authority to incur indebtedness by the execution and delivery of  
20 Installment Purchase Agreements pursuant to this Ordinance shall not expire on the Expiration  
21 Date.

22 SECTION 43. In accordance with the provisions of Article IV, Section 402(d)(16) of the  
23 County Charter, the County Executive is hereby authorized to delegate to the County

1 Administrative Officer the power and authority to take any and all actions required or permitted to  
2 be taken by the County Executive pursuant to this Ordinance.

3 SECTION 44. If any one or more of the provisions of this Ordinance, including any  
4 covenants or agreements provided herein on the part of the County to be performed, should be  
5 contrary to law, then such provision or provisions shall be null and void and shall in no way affect  
6 the validity of the other provisions of this Ordinance or of the Bonds, the Notes or the Installment  
7 Purchase Agreements.

8 SECTION 45. This Ordinance shall take effect forty-five (45) days from the date of its  
9 enactment.
